This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

+ *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
+ *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
+ *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
+ *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

About Google Book Search

Google's mission is to organize the world's information and to make it universally accessible and useful. Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. PREFACE

By planning the following maps, and preparing and indexing their matter, I have sought to meet the long-felt need of a small atlas of European history which should be in the English language, which should treat of the different peoples of Europe impartially, which should not obscure general views by too many details, and which should have a serviceable key to its contents. In this modest but laborious undertaking I have relied mainly upon the larger atlases—most of all the Droysen, the Kiepert, the Spruner-Menke, the Spruner-Sieglin, from Germany; the Longnon, the Schrader, the Vidal-Lablache, from France; the Poole, from Great Britain. At the same time, I have gone on innumerable points to original or special sources of information: documents, maps, articles, and books—though it would have been profitable to go to such sources yet more than I have. Mistakes have no doubt been made; but I hope that they are of a kind to be easily righted and that the lines and locations adopted may prove, with not too many exceptions, sufficiently accurate for the didactic purposes in view. Gaps, also, are to be seen—some only too clearly. These, however, can be filled by inserting supplementary maps here and there, as they may be especially demanded; and if the atlas is received favorably, an effort will be made to supply, soon, at least the most needed pieces. I shall be greatly obliged to all who will tell me of desirable corrections, or suggest further subjects, or indicate where the index should be improved; for with such help the object of the work cannot but be better attained.

I am glad to express here my gratitude to those who have aided me thus far: especially Professor A. L. Cross and Professor C. H. Van Tyne, for their counsel upon several of the plates; also Dr. F. B. Marsh and Messrs. O. F. Boucke, H. W. Clark, R. S. Crane, G. B. Denton, E. M. Gale, P. V. B. Jones, and A. M. Kline, for their part with the index—had I applied to these and other friends oftener, my shortcomings were doubtless fewer. I gladly acknowledge, too, that the work has been carried so far only through the patient coöperation of those who have constructed and engraved the maps.

INDEX

THIS alphabetical list contains primarily the names which appear on the maps, each name being entered at least once. It contains also many names not on the maps, such names being explained usually by cross-references. As a rule, the names mean towns unless some other meaning is stated.

To find a given location, turn to the plate indicated by the figures, and on that to the block where the strips marked by the letters intersect. Example: Oxford 10 L e; see plate 10, at the intersection of the strip L and the strip e.

Principal abbreviations: *anc.* for ancient; *cent.* for century; *eccl.* for ecclesiastical; *Fl.* for Flemish; *Fr.* for French; *Ger.* for German; *It.* for Italian; *Lat.* for Latin; *mod.* for modern; *Sp.* for Spanish.

Dates, if not accompanied by the letters B.C., are A.D.

FRANCE
IN THE TIME OF THE
REVOLUTION
The Old Provinces and the Modern Departments
Few changes were made in the original departmental division of 1790: (1) "Rhône et Loire" was divided in 1793 into "Rhône" and "Loire"; (2) in the same year Corsica was divided into two departments; (3) "Tarn et Garonne" was created in 1808.

NOTE:
Spain possessed in South America at the end of the 18th century, the viceroyalties of Santa Fé, Lima (or Peru), and Buenos Ayres (or La Plata), and the captain-generalcies of Chili and Caracas.
Santa Fé and Caracas gave place to old Colombia, confederation (1819-1830) which in turn gave way to Venezuela, Ecuador, and New Grenada (U.S. of Colombia from 1863); and new Colombia lost Panama in 1903. Lima gave place to Peru and Bolivia. Out of Buenos Ayres arose Paraguay, Arg. Rep., and Uruguay. Chili, independent from 1817, has expanded toward north and south.

NOTE:
The Dominion of Canada (confederation established in 1867) comprises provinces and territories; under the names of the provinces are the dates of their accession to the Dominion. Some of the provinces (Manitoba, Saskatchewan, Alberta) lie in the vast region acquired in 1869 from the Hudson Bay Company (chartered 1670).
